## View Ridge Custom Modern

It all began with a breathtaking vista. Expansive and shimmering with a backdrop of Lake Washington and the Cascades, this location could only be complemented by a bespoke, renowned architect-designed custom modern residence. The voluminous interiors seamlessly merge with the surrounding landscape via extensive glazing beckoning the vibrant green expanse. Clean lines of crisp white walls are softened by touches of wood, metal, and concrete. Each distinct soaring space offers versatility, exceeding all your expectations. Nestled in View Ridge, enjoy convenient access to U Village for the city's finest retail establishments, top-rated schools, university and medical facilities, and Burke Gilman Trail - all capturing the very best of Seattle.
